Thanks for the reply Kathy. I knew that you were out but I didn't know who your backup would be so I sent the request to you. Regards, Rose

Rose Allison, Team Leader

Hi Rose,

As I believe you may be aware, I am out of the office all week with a significant family obligation. However, I have been periodically checking e-mail and did see your July 3rd email. I believe that most of our team will be back in the office today after the four day holiday weekend (Monday was a floating holiday for Chemours). I anticipate that I will be able to connect with them and will then be able to get back to you with a status update.

We do understand the Agency views this with urgency.

Best regards,
Kathy

Hi Kathy, Thanks for the email concerning the submission of additional information to update the PMNs. When (what date) will you submit this information? Thanks in advance. Rose

Subject: EPA request

Hi Rose,

Despite my best efforts, we will not be able to supplement our submission from Wednesday with additional process information today. As you know, the inspection that Region IV completed over the past two days at the Fayetteville Works was an intensive process and required the full attention of key plant personnel. I will be in touch next week. In the meantime, I wish you a happy Fourth of July.

Kathy
